

Car Texture Details

In this document you'll find the reasons for putting logos in specific parts in every car

Bearcat

Red frame shows Raccoon City's Police Department logo and a generic "SWAT" logo on Bearcat

Red frames show in upper screenshot Bearcat's details according to previous description. In lower screenshot a generic "POLICE" logo is show: the reason for this is because in original saga didn't exist "SWAT" on Raccoon City Police Department. After S.T.A.R.S. was removed from R.P.D., Select Police Force was created, not SWAT. Generic "POLICE" logo fixes "SWAT" discordance with original story

Crown Victoria

Red frame shows “POLICE” on Crown Victoria’s rears, Raccoon City’s Police Department logo and grille guards

Red frames show Caprice’s details according to previous descriptions
